

## PRESS RELEASE

*For immediate release*

### **NUVOLT CORPORATION INC. ANNOUNCES THAT IT WONS A «LEONARD» AT THE GRANDS PRIX DU GÉNIE-CONSEIL QUÉBÉCOIS**

Levis, April 1<sup>st</sup>, 2010. Mr. Jacques Dion, President and Chief Executive Officer of Nuvolt Corporation (« **Nuvolt** » ) (TSX-V : NCO), is proud to announce that the Company has won a «Leonard» for its **SmartScan** technology, in the category Telecommunications and new technologies at the *Gala des Grands Prix du génie-conseil québécois*, held on March 25 of this year.

«We accepted this award with great pride and we want to share it with our employees, our customers and our shareholders.» mentioned Jacques Dion.

The project was presented by BBA, an engineer consultant group well known in Canada. BBA was involved in the development of the **SmartScan**. 50 projects were nominated for the 12 «Leonards» in different categories.

«This is a very important recognition for our technology and know-how and it will contribute to our visibility and credibility since the members of the jury are highly reputable engineers and famous architects. » concluded Mr. Dion.

Information about the *Grands Prix du génie-conseil québécois* is available at [www.aicq.qc.ca](http://www.aicq.qc.ca).

#### **About Nuvolt Corporation Inc.**

Nuvolt has developed a specialized expertise in the management of electrical failures, power quality, the detection and neutralization of leakage current, as well as electrical network monitoring systems.

Nuvolt has devoted a great deal of energy to and has made major investments in the development of the **SmartScan** project. The **SmartScan** system is a user-friendly product that can be distributed by independent distributors active in specialized sectors including the farming, commercial and industrial sectors.
