

Managing your electrical network is a must...

- New House Dairy, Bakersfield, CA
- Owner: Eduardo Echeverria
- Herd Size: 3,000

“I would recommend Agrivolt to everyone that wants to improve herd performance”

WHY DID YOU MAKE THE DECISION TO MANAGE THE ELECTRICAL NETWORK?

“I was not satisfied with the overall performance and health of the herd and I knew we could do better.”

WHAT CHANGES HAVE YOU NOTICED?

“Our herd is doing much better overall and the cows are staying on feed longer. We have seen an increase in production and fewer cows going to beef now that we have the Agrivolt team working with us.”

ANY OTHER COMMENTS?

“I would have to say I am very satisfied with the results and I would recommend Agrivolt to everyone that wants to improve herd performance.”
